Webmaster Note: References should have included the Pilots. And Crew Chiefs who also manned guns on the left side of the Huey. We were a four man crew, none could survive without the other.

I believe this is the first news release about the then secret Operation Shotgun. Read the rest we have below.

As of the current Census taken during August, 2000, the surviving U.S. Vietnam Veteran population estimate is: 1,002,511. This is hard to believe, losing nearly 711,000 between '95 and '00. That's 390 per day. During this Census count, the number of Americans falsely claiming to have served in-country is: 13,853,027. By this census, **FOUR OUT OF FIVE WHO CLAIM TO BE Vietnam vets are not.**

"America still remains what President Lincoln called 'The last best hope on Earth.'" "...We should all reflect on how truly fortunate each of us is to live in this blessed country. ...
